INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15*th October* 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his daughter attains her 18th year or marries, may be secured to a son or daughter whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees :—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

Resolution — The question of opening a dispensary at Attigundi is long engaging the attention of the Board They are convinced of the necessity of opening a dispensary at the place. As the finances of the Board, however, did not permit of an allotment being made for the purpose, the question was taken up by the Malnad Improvement Committee and a recommendation was made to Government It was therefore resolved that the Government be requested to provide funds for it out of the Malnad Improvement Funds to which this is a legitimate charge It is to be pointed out in this connection that the opening of a dispensary at Aldur is equally essential and needs early attention The Board agree with the Senior Surgeon in thinking that a dispensary is certainly more useful than a Vaidyasala.

7. S. Venkatesaiya, Esq., B.A., B.L.
8. Revd. E. W. Thompson, M.A.

C. Krishna Rau, Esq., B.A., Secretary, Education Committee.

ABSENT.

1. Karpur Shrinivasrav, Esq., B.Sc., L.C.E.
2. Dr. L. C. Coleman, M.A., PH.,D.
3. S. V. Setti, Esq., B.A., etc.

The Secretary informed the Committee that Messrs. Karpur Shrinivasrav and S. V. Setti were unable to attend the meeting.

The proceedings of the last meeting of the Committee, copies of which had been circulated, were taken as read and confirmed.

Mr. K. Chandy suggested that the deferred subjects might first be taken up and disposed of and the subjects noted in the margin were therefore taken up first.

Technical and Industrial Education.—The Secretary stated that the recommendation made by the Committee for a grant to the Industrial School proposed to be started at Alur, Hassan District, had been sanctioned and that action had been taken in regard to its opening.

He also stated that the District Committees had been requested to take steps to improve the attendance of the existing schools in the districts.

As Mr. Karpur Shrinivasrav was not able to submit his remarks in regard to the scheme outlined by him and placed before the recent Conference, it was resolved that the subject might again be brought up at the next meeting.

Commercial Education.—The Sub-Committee appointed to draft a scheme for starting commercial schools in Taluk Stations met on the 9th instant and sent in their report which was also circulated to the members.

The recommendations made by them were carefully considered and modified in the light of suggestions offered.

It was resolved that the scheme as finally approved by the Committee might be submitted to Government.

To watch the progress of the measures adopted and to consider further improvements.

Education of backward classes.—The subject was put off to next meeting as the members responsible had not submitted their notes. A question having been raised by Mr. Basava Iya as to the definition of the term "Backward Classes" the Chairman observed that the term had been defined long ago and the Secretary was requested to supply the connected papers to the member.

In regard to the statistical figures required by Mr. Basava Iya, Mr. Shama Rao said that information would be supplied by his office to the extent it was available.

(a) Consideration of measures necessary for giving agricultural instruction in elementary schools.

Agricultural Education.—The report of the Sub-Committee appointed in this connection having been circulated beforehand, the same was considered and the recommendations were adopted with slight modifications. It was resolved that the scheme as modified might be recommended to Government for being brought into force as soon as possible.

Starting of Vernacular Schools for giving agricultural instruction to the children of raiyats and others intending to adopt agriculture as their chief occupation.—The Sub-Committee referred to above also considered this aspect of the question and recommended among other things the opening of an experimental farm with a vernacular agricultural school

attached to it. As the Sub-Committee seemed to have a particular farm in view when drafting the resolution, the members suggested that the statement should be very general. The scheme was suitably altered and accepted. It was resolved that the scheme as revised might be recommended to Government.

OTHER SUBJECTS.

Opening High Schools for every three or four Taluks.—A statement showing the number of passes in the Lower Secondary Examination and the number of students that sought admission (not by promotion) to the IV Forms of all the High Schools in the State during 1913-14 prepared by the Secretary for the occasion was read.

Mr. Humza Hussain took strong objection to the increasing of High Schools as some of them were not working satisfactorily and suggested that the existing ones might be strengthened and improved. There were already 14 or 15 English High Schools and 5 Vernacular High Schools. The Committee, therefore, thought that though the proportion of one High School to three taluks might soon be reached it would not be possible for want of an adequate number of pupils to distribute the schools at one for each group of three taluks.

Higher studies in Sanskrit and Kannada.

Education in other branches.—The Secretary stated that this was a subject on which information had to be collected and that the Principals of the Sanskrit Colleges and the Training College, Mysore, had been requested to send detailed information.

It was resolved that the Secretary should collect the required information.

The other subjects on the agenda were put off for want of time.

The meeting terminated at 5-40 P.M.

C. KRISHNA RAU,
Secretary.

INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15*th October* 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his daughter attains her 18th year or marries, may be secured to a son or daughter whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees :—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15th October 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his daughter attains her 18th year or marries, may be secured to a son or daughter whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees :—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

II. Note by Mr. M. A. Narayan Ayengar, Registrar of Co-operative Societies in Mysore on the establishment of State Aided Land Banks proposed by Mr. Ananda Rao S. Sirsi and the latter's remarks regarding the same.

Resolved that a Sub-Committee consisting of Messrs. K. Matthan (Chairman), C. Srinivasa Rao, S R. Balakrishna Rao, D. W. Meppen, R. Nanasami Rao and the Secretary, Central Committee be appointed to discuss and formulate a scheme for the establishment of Land Banks.

III. The desirability of making vaccination compulsory in the malnad.

Resolved that the Committee recognises the necessity to declare vaccination compulsory in the malnad.

IV. How to solve the problem of attracting settlers to the malnad? Should it stop with the mere giving out unoccupied assessed bagayet or wet lands for cultivation on 'alve' tenure? If not, what further concessions and facilities should be provided to make the scheme practical?

Resolved that as regards bagayet lands the existing concessions are quite enough and that in regard to wet lands the resolution of the Kadur and Hassan District Committees is liberal, provided the following additional facilities are awarded:—

Free timber for house-building, (2) well, (3) medical aid and (4) small loans for productive employment on the land itself.

It was further resolved that these concessions be amply advertised and attempts be also made at the same time to organise settlements of criminal tribes in the Jagar valley and in the Shimoga and Nagar Taluks.

V. The feasibility of training local 'dayees' in preference to the present system of sending raw candidates to Bangalore and Mysore for training in midwifery.

Resolved that it is only by establishing maternities in the malnad districts that local dayees' could be trained.

VI. The desirability of empowering Deputy Commissioners to sanction timber for constructing houses in the malnad free from seigniorage in all cases where entire villages are to be shifted under the direction of sanitary authorities.

Resolved that this Committee is strongly of opinion that this is very necessary.

VII. *Abatement of intemperence.*—Would a mere enhancement of duty on liqour bring about the desired result or should there be a simultaneous reduction in the number of arrack shops in the malnad?

Resolved that itinerant lecturers be appointed to preach against intemperance and efforts may be made to reduce the number of shops by putting them at greater distances and extra precautions taken against illicit tapping and distillation.

VIII. Keeping paddy fields away from residential areas. (*Vide* para 6 of the Government Order dated 24th February 1914).

Resolved that this Committee is of opinion that it is easier to shift residential areas than to remove paddy fields as the latter measure involves considerable cost.

N. B.—At this stage Dr. Srinivasa Rao, pointed out the desirability of requesting the Government, with due deference to their order, to enlighten the Committee as to the data on which the presence of the paddy fields near residential areas is considered injurious. The proposition was put to the vote and was lost 6 voting for and 6 against.

IX. What action should be taken to provide separate accommodation for cattle? What are the practical lines on which this could be worked?

Resolved that in actual working this is found not easily practicable but efforts in this direction are being made in newly constructed villages.

X. Establishment of model villages. How far should Government aid be rendered in connection with this?

Resolved that in addition to the creation of facilities generally as regards, (1) approach roads, (2) free sites, (3) free timber and, (4) well and house-building advances which go far to stimulate people to establish such villages, at least one model house in each thickly populated area be constructed at Government cost with a view to its being sold eventually to private people.

XI. Facilities for cattle grazing and supply of fuel and timber.

Resolved that statements of villages where such facilities are wanting be got prepared before any auction in this matter is decided upon.

XII. Proposal by Mr. M. Machaiya, B.A., anent the desirability of resuming occupied lands which are allowed to lie fallow for over five years and for which there is demand for cultivation.

The proposition was put to the vote and was declared lost.

XIII. Proposal by Mr. B. V. Rama Iyengar, B.A., that quinine be sold through Amildars without prejudice to the present practice of free distribution with a view to meet the growing demand for the drug, without increasing the allotment already fixed under that head.

The proposition having found no seconder was withdrawn.

XIV. Proposal by Mr. C. Srinivasa Rao that the Malarial Survey of at least one taluk in the malnad be undertaken.

Resolved by a majority that the Committee are of opinion that such a survey is necessary.

Before closing the proceedings the Committee desire to place on record their appreciation of the valuable services of Mr. Ananda Rao S. Sirsi, as Secretary to the Central Committee.

The next meeting of the Committee will be held at Shimoga on Friday the 4th February 1916.

S. N. APPANNAIENGAR,
Secretary.

K. KRISHNA IYER,
Chairman.

APPENDIX TO RESOLUTION No. II.

NOTE.

Mr. Ananda Rao observes that the malnad raiyat is heavily indebted though he has ample security to offer for his loans. He thinks that the raiyat is unduly exploited by usurious and unprincipled sowkars and he suggests that the raiyat should be protected by legislative measures from being thus harassed. Regarding this, my own opinion is that, however heavy the indebtedness of the malnad raiyats, means could be found to relieve them by co-operative institutions. It appears to me that there is no necessity just now for any special legislation of the kind proposed by Mr. Ananda Rao. Legislation may perhaps be required later on, especially with regard to an investigation of the indebtedness of the raiyats and measures to settle it by means of conciliation.

As I have already stated a Co-operative Society can very well take up the relief of the indebtedness of its members and it can also find the necessary funds. But one essential requisite is that there should be adequate security available. My first suggestion to the Committee is that a survey of indebtedness should be taken up in about ten typical malnad villages. I enclose herein a form which is used by Co-operative Societies and which, I think, will serve as the basis of the survey.

Mr. Ananda Rao, proposes that loans to the raiyats should not be given for a longer period than ten years. I doubt whether anything under fifteen years will be possible. It has to be remembered that the raiyat has to pay an interest of about 9 per cent on the loan outstanding against him and also pay a part of the principal.

Mr. Ananda Rao seems to think that a sum of Rs. 20,000 will be sufficient to relieve the indebtedness of a malnad hobli. I should put the figures somewhere between Rs. 75,000 and Rs. 1,00,000.

I doubt whether a scheme of the kind suggested by Mr. Ananda Rao, will succeed in attracting local capital. Government assistance may be needed but it may be given most advantageously through a Central Co-operative Society.

On the whole I think that Co-operative Societies may be tried more largely than they are now to improve the condition of the malnad raiyats. The scheme has succeeded in the case of the maidan raiyats and I see no reason whatever why it should not do so in the case of the malnad raiyats also. If Co-operative Societies are largely introduced and if steps are taken to see that they are efficiently worked, I foresee a great future before the malnad raiyat.

Simultaneously with this, I would strongly impress on the Committee the necessity of the survey I have proposed. I am prepared to undertake it by means of one or two special men trained for the business if the Committee is willing to undertake the cost of the survey which may be put down at about Rs. 120 a month for about six months.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

Circular No. 397—*C. S.* 24, *dated Bangalore,* 19*th August* 1914.

The following procedure is suggested for granting loans by Unions to their affiliated Societies:—

1. Every Society that wants to borrow from a Union will send its application for the loan to the Union through the Registrar.

2. The loan application shall consist of the following:—

(i) Amount of loan required.

(ii) The period of the loan and number of instalments in which it will be repaid.

(iii) The property list of the members prepared as per Statement (A) enclosed (wherever any member objects to mention his properties in the Register the fact may be noted and the Register prepared without those properties). Every borrowing member shall, however, mention all his properties fully with their encumbrances and valuation. The property register should invariably contain a certificate by the Committee that the information contained therein is to their best knowledge and belief correct.

(iv) List showing the amounts of loans applied for by the members for whose benefit the loan is required and the amounts sanctioned by the general body. This list should contain the purposes of the loan and the properties to be mortgaged for them.

(v) Resolution of the General Meeting authorizing the Committee to raise the loan from the Union and lend it as per general body's resolution. This should also mention the names of the Directors who are authorized to take custody of the loan.

3. The loan application prepared in the above form should be sent to the Registrar at least a month before the time the loan will be required. The Registrar will get the loan application generally investigated and may either recommend or refuse to recommend the grant of the loan. He will recommend the loan provided he is satisfied about the security offered and the capacity and efficiency of the Committee of the Society as a whole.

4. The Registrar's recommendation will be sent to the Union. The Union will then make its own investigations, if possible, and generally accept the Registrar's recommendation unless it considers that any alterations are necessary on account of the inefficiency of the Committee or the inadequacy of the security offered. The decisions of the Union will be communicated to the Registrar and the affiliated Society simultaneously.

5. If the affiliated Society accepts the decisions of the Union it will borrow the money executing the necessary bond. The Union will intimate to the Registrar all sanctions of loans, their payments to the affiliated Society and their repayments from time to time. Unless the Union can itself see that the distribution of the loan is properly made to its members by the affiliated Society, it is desirable that the Union intimates the fact of payment to the Registrar and requests his assistance in seeing whether it is properly distributed.

6. The foregoing suggestions are made as much in the interests of the Union as in those of the affiliated Society and as such may be adopted generally. Any modifications or alterations that may seem necessary may kindly be submitted to the Registrar for consideration.

M. A. NARAYANAIYENGAR,
Registrar.

Mr. Ananda Rao S. Sirsi's reply to the note by Mr. M. A. Narayan Ayangar, Registrar of Co-operative Societies in Mysore.

All my object in proposing the measure was that the malnad raiyats should have banking facilities to extricate themselves from their present indebtedness and should be able to secure big loans on their estates repayable in small, easy and long instalments. If the object can be attained by Co-operative Societies, so much the better, there is no need for any fresh legislation.

The Government of India in their letter, Department of Revenue and Agriculture, Resolution No. 163-3, dated the 29th April 1904, explaining for the information of their officers and of the public at large, the consideration by which they have been influenced in framing the provisions of Co-operative Credit Act and indicating the principles in accordance with which they desire that the Act should be worked have expressed as follows :—

"At the outset, it is important, to remember that the question of Agricultural Banks is quite a different matter from that of Co-operative Societies. The object of Agricultural Banks is to provide capital to finance the general agriculture of the country, their operations are of the ordinary banking nature and on a considerable scale; and whatever special privileges it might be found possible to extend to them, the ordinary Company's law of India still continue to apply to them. The object of this Society contemplated by this Act is far more special and limited. It is in the words of Sir Frederic Nicholson to substitute, for a number of individual credits which are weak because they are isolated, combined credit which is strong because it is limited. Their operations are confined within the limits of the Society and they will be small and simple credit Societies for small and simple folk with simple needs and requiring small loans."

If however, as opined by the Registrar of Co-operative Societies, Land Banks can be brought under the Co-operative Credit Societies, sooner such Societies are organized and established in the malnad the better.

5. Supply bills drawn on the District treasury will, as far as possible, be made payable at any Taluk treasury within the district. For payment at a Taluk treasury, however, unless other arrangements have been specially made in communication with the undersigned, the payee will have to address the Deputy Commissioner, Treasury Department, of the district concerned who will arrange for such payment as early as practicable.

INSURANCE.

THE MYSORE STATE LIFE INSURANCE—FAMILY PENSION BRANCH.

Dated 15th October 1914.

As sanctioned in Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, a Family Pension Branch was started as an adjunct to the Mysore State Life Insurance Scheme under separate Rules and has been in operation from August 1911. All employees of the Government who are eligible for life insurance may secure substantial pensions to their parents, wife, children and certain other relations by paying additional monthly subscriptions. For example an employee whose present age is twenty-five years, may secure a life pension of Rs. 5 payable from the date of his death, to his wife whose present age is 18, by paying a monthly subscription of Rs. 1-7-9. Similarly a monthly pension of Rs. 5 payable from the date of death of the subscriber to the date on which his son attains his 21st year or his daughter attains her 18th year or marries. may be secured to a son or daughter whose present age is 5 years, by paying a monthly subscription of Re. 0-11-7.

As a concrete instance of the benefits of the fund, the following case may be mentioned. An officer joined the Family Pension Branch as a subscriber in August 1913, the monthly subscription payable by him being Rs. 17-10-10. He died in September 1914, having paid subscriptions to the extent of Rs. 230. The following pensions are payable to his nominees :—

Monthly. Mother Rs. 10, wife Rs. 20, both for life. Each of his 4 daughters Rs. 10, till they attain their 18th year or marry.

There are reasons to believe that the existence of this Branch of the State Life Insurance office and its benefits are not known to many Government employees. Every one interested is requested to obtain a copy of detailed rules by applying to the Secretary to the Mysore State Life Insurance Committee, Bangalore.

J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

5. The schedule annexed hereunder shows probable requirements; and the quantities shown are only approximate. 11. All papers with the exception of items Nos. 11, 28 to 31 of the schedule should be water-marked "Government of Mysore." The purchase of overmakes of water-marked paper cannot be guaranteed, and they should in no case exceed *ten per cent of the ordered quantity*, but the contractors must bind themselves not to sell at any time such water-marked papers to the outside public.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911 and Government Proceedings No. G. 4914-23—G. 6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portion of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance.*

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

(*e*) That he binds himself to pay for and remove all marketable portions of a tree either in logs, pieces or poles.

(*f*) That the timber prepared out of each tree shall be measured and stamped by his Range Officer or such other officer as the District Forest Officer may authorise at the stamp.
